

Printing the Results.

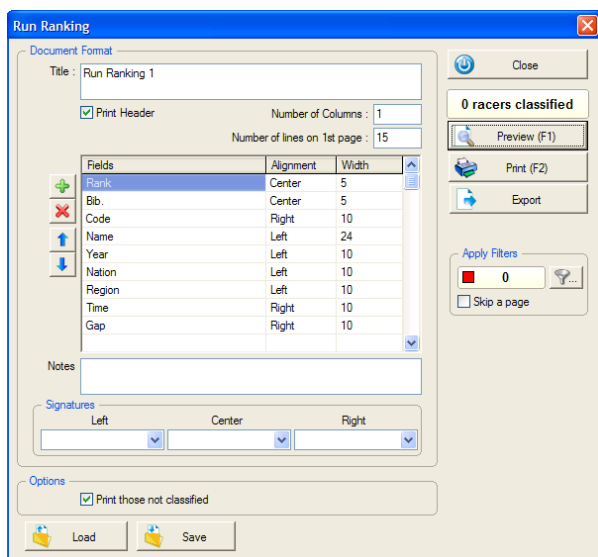

Printing the results offers you many, many options.

First, it is possible to print the results of a run as soon as it is completed.

This is done from the timing Timing window, make this selection:-

Then this will appear:-

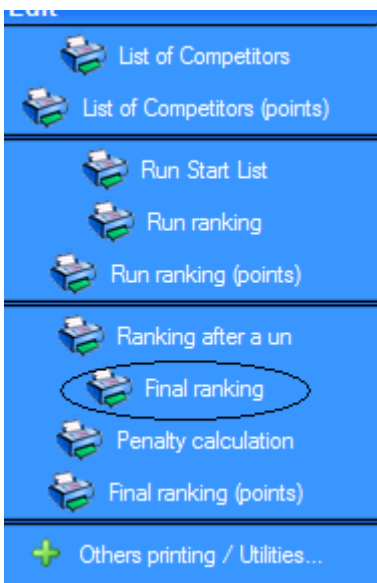

From here you can print or preview the ranking of the first run.

Make use of the Print or Preview buttons, you can even export it to an Excel spreadsheet.

Second, printing the race results.

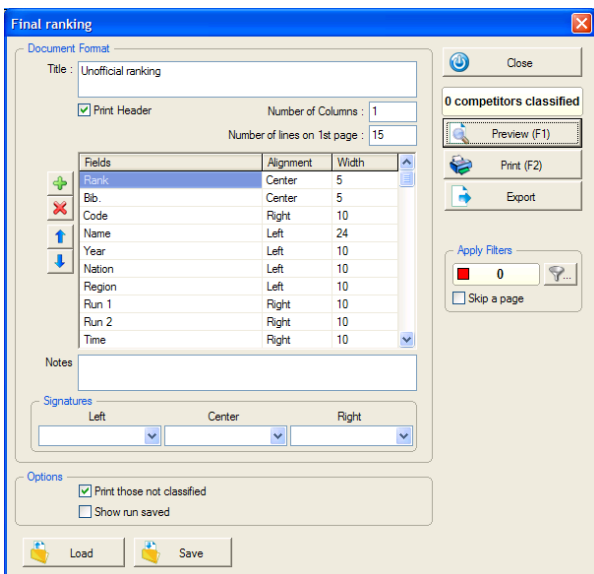

Once the racing is completed, this next bit can be done in the comfort of the club house.

In the blue side panel:-

There are several options concerning printing. The one of interest to the club racer Final Ranking I have circled it.

Clicking this brings up this:-

This once again is where you can print or preview from.

There is are a lot more options for printing, things like Penalty calculation, Final Ranking (points), but you need a FIS expert for that.

Best of luck.
